Full bottle 1,512 g.

I'm calling Morette out for this heavy bottle! Please review your bottling policy. No need for this. Honeysuckle. And I really mean that - if you've ever sucked a honeysuckle flower, you'll know the strange, magical flavour of nectar from these flowers that is, all at once, sweet, bitter, golden, green, tender, and pushing you away. Ripe pineapple, brûlée, golden peach, orange melon, clotted cream. The acidity is there: intrinsic, constitutional rather than marching out in front. A wine shaped like ever-widening ripples. Golden and curved and fluid and ever moving. (TC)
